Well Set and Licensed

Orion Insurance Group is the market name brand of our insurance broker businesses and partnerships of *Orion Insurance and Reinsurance Brokers DMCC*, *Vita International Insurance Brokers LLC* and *Cambiasso Riso*.

Orion is an established 15 year Dubai Multi Commodity Centre licensed broker business focused on shipping , marine and commodity insurance. Logistics, Yachts and latterly Aviation are now key verticals of the business.

Vita is a UAE Central Bank regulated licensed insurance broker business of 30 years standing. Acquired by Orion Group in 2023, Vita is key to supporting the Group’s access to UAE’s regulated insurance market

Our operations are supported by a strategic alliance with Cambiasso Riso a 75–year established broker house and one of the leading international marine brokers with a portfolio of over 12,000 vessels

We Know The Industries

Nick Little

Managing Director

 nick.little@crorion.com

Nick has 40-year long career in the logistics, marine, shipping and yacht insurance industry, including underwriting and broking during which he held Senior Management roles in the UK and Greece. Nick now heads up the Group's MENA operations and is instrumental in driving the practice with a team of seasoned industry background experts and specialist insurance brokers.

Maria Galakhova

Head of Aviation Practice

 maria.galakhova@crorion.com

Maria has 20 plus years track record in (re)insurance industry and specializes on aviation. She has extensive broking experience, covering both direct stakeholders and reinsurance, as well as operations and underwriting. Maria is responsible for the aviation dedicated team in Dubai and coordinating relations with external partners and providers.

Robert Plhak

Consultant | Aviation Practice

 robert.plhak@crorion.com

Robert is a seasoned business aviation professional and tech entrepreneur with 20 years of experience in private jet operations. He brings deep expertise in both aviation and digitalization, helping strengthen the bridge between the aviation and insurance sectors. His extensive background is a valuable asset to Orion, enhancing service quality and innovation. With Robert’s insight, Orion continues to deliver tailored solutions for business jet operators, charter brokers, and stakeholders in industrial and aid operations.

Bruno Rodella

Specialist Line Broker: Yachts and Aviation

 bruno.rodella@crorion.com

Bruno is dedicated to business development across Orion's aviation and yacht class of business. With expertise in the MENA and Indian markets, Bruno has built a strong UHNWI network. Applying his entrepreneurial mindset and understanding of the yacht and aviation market dynamics, Bruno excels in luxury trade and project-based insurance concepts.

Giovanni Galeppini

Business Development

 giovanni.galeppini@cryachting.biz

Giovanni is a quintessential insurance broker who heads up the business development and client relationship Yacht team. Giovanni effortlessly manages Orion's relationship with its ultra-high-net-worth clients, their family offices and asset management companies to ensure that every client receives the best bespoke insurance cover which is unique to asset ownership risks and challenges. This includes Aviation.

"We can do it"

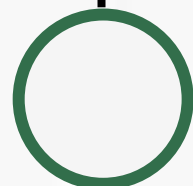

Independent Solutions For All

The Orion team accepts inquiries from aviation players, (Re)Insurance Companies and (Re)Insurance Brokers. Where needed, Orion provides support in communication with various stakeholders, structuring reinsurance programs, arranging local Insurance Policies and global placements, involving registered (Re)insurance brokers and/or Registered National (Re)Insurance Companies to comply with the regulatory and rating requirements if applicable. We take into account specific rating criteria, to make sure (re)insurance program is compliant from all the prospectives.

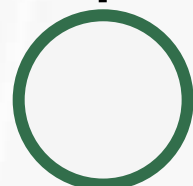

Claim's Handling – We Speak Aviation Language

Our in-house specialist (with decades of technical aviation experience) will be assisting and managing any claims related to your Policies, assuring smooth & positive communication with (re)insurance markets, lawyers and surveyors.

Flexible Coverage Options

Having access to various classic and alternative aviation risks capacity providers we are not limited in our solutions and ready to look into short term (re)insurance policies, Test Flights and Ferry Flights (re)insurances, Ground Risks Only coverage, packages based on per flight basis pricing.

Beyond Insurance: Consultancy & Risk Management

Orion's Aviation Practice extends to (re)insurance & claims consultancy, and aviation risk management services, ensuring clients receive expert guidance on complex aviation risks.
